

Mini 360 Excavator Operators Course

Following the retirement of Tim Lewis and the move by Andrew Ryder the Town Council now has is now faced with an operator capability gap affecting our ability to guarantee future interments. In order to overcome this gap it will be necessary to train a new operator. Novice courses are not cheap and two quotes have are provided below. One is from a company used by Wolverhampton City Council and the other is one previously used by Bridgnorth Town Council, they are:

- Pro Logistics Training Ltd, Burton on Trent - 5 day novice course at £400.00 a day plus £30.00 registration and operators card = **£2,030.00**
- Mechanised Industry Training, Broseley - 5 day novice course at £220.00 a day plus £33.00 registration and operators card = **£1,133.00**

Members are requested to consider the above quotes and give direction on the way forward.
