

Hi there Bridgnorth town council, I am writing on behalf of D & W Wedding fairs. We would love for you to consider for us to hold a wedding fair event under your town hall. Our plans are very wide and are willing to pay for the quality venue.

Why you should choose us?

>We welcome brides interest by using our budget to allow each group which book there place at the event online with a free box of chocolates.

>We advertise in local newspapers such as Shropshire star.

>We attempt to advertise on other kinds of places such as the radio.

>We flood social medias with art and skills to inspire any bride to this venue.

Why is this a useful tool for you as the venue holder?

>Each bride that enters are welcomed by a goody bag including a card/description of the town hall as a wedding venue.

>We welcome brides to the parts of the venue which may interest them to book the venue for there own wedding.

>It gets the name of the town hall to be a venue for weddings and will attract near by walkers and strollers to keep in mind for other family members.

>We pay all funds for the event to take place.

Plans for the show:

Around September time ( This is a suitable time for the brides of 2019)

Will be placed on a Sunday when you are best available.

Timings: 11am – 3pm.

I really hope you like my advantages of us being the supplement of a successful wedding fair, to pull in future brides to perhaps book with the town hall as there own venue. I feel this would be an excellent gain of success for you the venue and us the supplement. I have asked well known business for there interest and have had many very interested. This will not cost you nothing for the event to be held but will gain you money with the fees you charge and with hope of plenty of bookings for the venue for the keen bides awaiting to be impressed.

I really hope you take my plan to consideration and will look forward to a response.

Many Thanks, Danny Davies
