Subject: Use of Town Hall

To : The Mayor and Town Councillors

The Members of the "Bridgnorth Open House Arts Trail" wish to make a request for free usage of the Town Hall on Saturday and Sunday 9/10th June 2018.

This was a request originally made and agreed with Anne Wilson which we assumed would still be in place. However as situations have now changed we feel it appropriate to make a formal request.

Our group, as you are aware, have been working towards this event for 9+ months, hopefully culminating in success for both the Town and artists. We now have approximately 40 venues and artists signed up, bringing many visitors to Bridgnorth. We have articles appearing in the press over the next couple of months plus posters in many shops and other venues.

All monies raised from this event will be going to First Responders. It is an event which we foresee growing over the years. Already we have had many requests from artists who would like to take part in the event next year. We see it bringing further revenue to cafes, restaurants and pubs and, of course shops and the Town in general. The Town Hall is one of the venues we hope to able to use for tea and coffee, all monies, of course, going to the Council who we see as partners in this joint venture.

Thank you for your consideration

Jacqueline Miller
