

BRIDGNORTH TOWN COUNCIL

13th July 2023

FAO : Adrian Cooper
Climate Change Task Force Leader
Shropshire Council
Place Directorate
The Shirehall
Abbey Foregate
Shrewsbury
Shropshire

To whom it may concern

We are issuing this letter of support to Shropshire Council, Climate Change Task Force and confirm that Bridgnorth Town Council would be interested in exploring further the development of a plan to decarbonise within the Bridgnorth area.

This funding would enable the further development of existing platforms and embrace the challenges and opportunities of decarbonisation. Working with Shropshire Council with other community partners to develop an inspirational blueprint that would directly impact our community through the Local Industrial Decarbonisation Plans (LIDP).

This would include the develop a proactive plan in an area that has known energy supply issues, which are adversely affecting the viability and future growth of major local employers, by expanding local renewable energy generation and storage options as well as developing a low carbon energy advice for the local community.

Kind regards

Clare Turner
Town Clerk - Bridgnorth Town Council
